The grant is via a State of Florida business acceleration grant program. In 2020, beginning in July, \$4,000,000 will be allocated on a first come, first served, basis. Historically, recipients have received +/- \$50,000/ea. If 2020 follows the trend, roughly 80 businesses will receive grants; and the program will exhaust the funds in a few weeks. Therefore, the sooner an application is submitted, the higher the chance of approval.

There is no cost to investigate if you qualify or to apply.
